FOR IMMEDIATE RELEASE

**LEONARDO DA VINCI HEALTH SCIENCES CHARTER SCHOOL  
STUDENTS SOLVE GLOBAL COMPETITION OF HIDE-AND-SEEK**

For eleven weeks, Ms. Erin Fowler's second and third graders at Leonardo da Vinci Health Sciences Charter School (LdVCS) in Chula Vista gathered sunrise and sunset data from ten mystery locations around the world. Through observation, inquiry, and collaborative research the students successfully solved Journey North's internet-based challenge becoming the only group in San Diego County to successfully solve the mystery.

On Thursday, May 20, 2010, from 6:00-7:30 P.M. the community is invited to attend LdVCS' Education Celebration. Ms. Fowler's 2/3 class will take you on a tour of their ten mystery locations from the Arctic to Antarctica and back home to Chula Vista. Learn how simple daily observations of sunrise and sunset opened students' eyes up to the world and beyond. Visit the charter school's website at <http://www.davincicharter.org> for further information.

Leonardo da Vinci Health Sciences Charter School (LdVCS) is an independent K-6 elementary charter school that has a health, science, and technology focus.
