

LdVCS Support for Clearing of Preliminary Credentials for Teachers and Administrators

POLICY

Purpose

The purpose is to help current LdVCS teachers and administrators clear their preliminary credentials through local or online universities. Having a preliminary credential that is not cleared before the expiration date could result in a credentialed staff member's inability to teach at LdVCS or any California school. The LdVCS Board of Trustees supports credentialed staff in clearing their credentials by granting monetary compensation to complete the induction program.

Reimbursement Cost

The LdVCS Board of Trustees will reimburse each teacher/administrator candidate \$3,000 upon payment toward the program to clear one's credential.

Adopted August 21, 2014
